PROJECT OVERVIEW

TalkMate is a mobile app designed to

Global communication is a big deal when it comes to language. TalkMate is breaking language barriers through real-time voice translation, making travel, study, and work abroad effortless and inclusive.

Problem Statement

Customers struggle to find trusted and available technicians quickly, especially in urgent situations.

Skilled technicians often have difficulty finding consistent job opportunities and increasing their income.

There is no simple, reliable platform that efficiently connects customers with verified technicians.

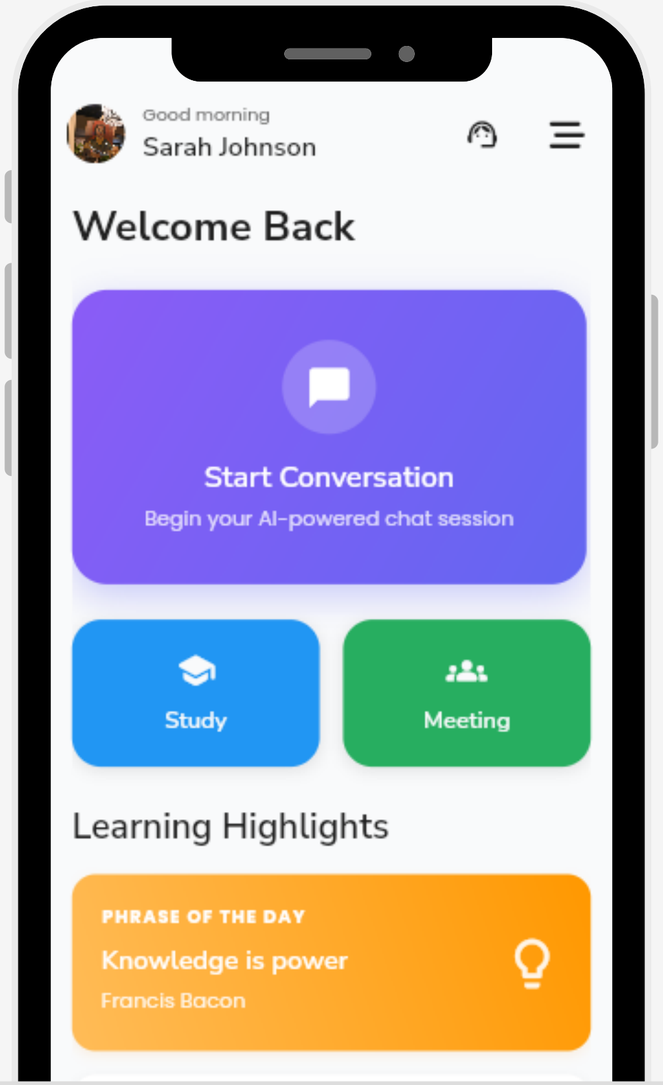

TalkMate Solutions

> TalkMate breaks language barriers with real-time voice translation, enabling smooth travel, study, and work abroad.

Key Features

- Real-time voice translation
- Multiple language support
- Offline mode (Premium)
- Live subtitles/captions

TalkMate

Target User

1 **TRAVELERS & TOURISTS**

need instant communication while exploring new countries

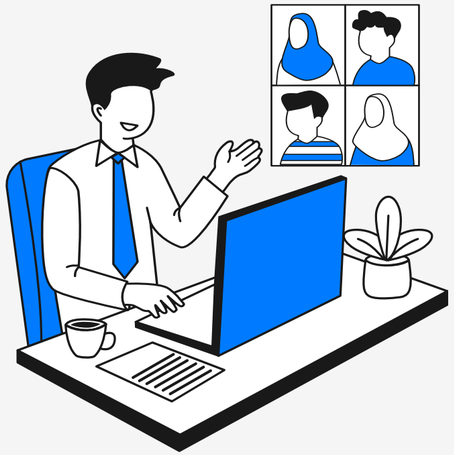

2 **INTERNATIONAL STUDENTS**

face daily language challenges while studying abroad

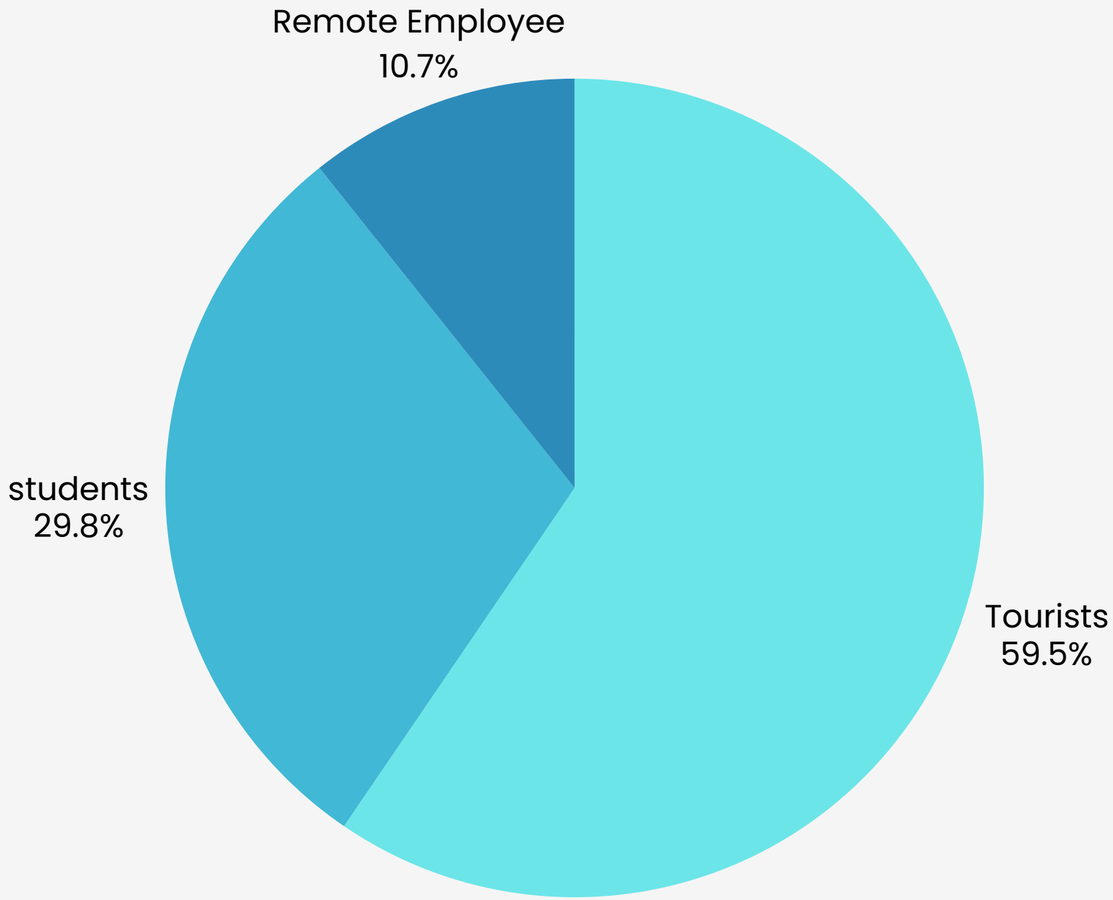

4 **REMOTE EMPLOYEE**

working with foreigners in meetings and business.

Market Size – Egypt (Year 1)

1. Students abroad in Egypt → 2,500 users
2. Tourists (age 18–40) → 5,000 users
3. Remote Employee → 900 users

Total expected users (first year): **8,000–10,000**

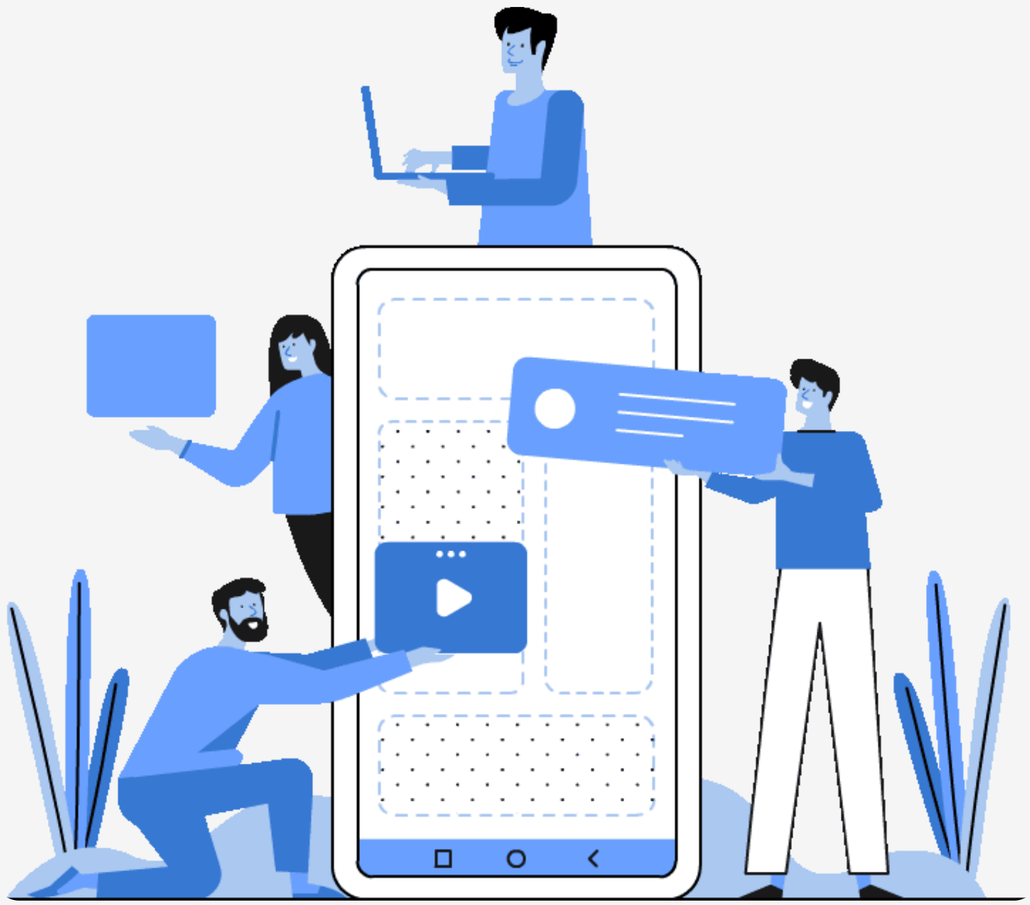

Marketing & Growth Strategy

Marketing Strategy

- Social media ads (FB, IG, TikTok, LinkedIn)
- Partnerships with schools & travel companies
- Referral rewards & App Store visibility

Growth Strategy

- Add languages & premium features
- Focus on user acquisition and retention.
- Collect feedback to improve the app

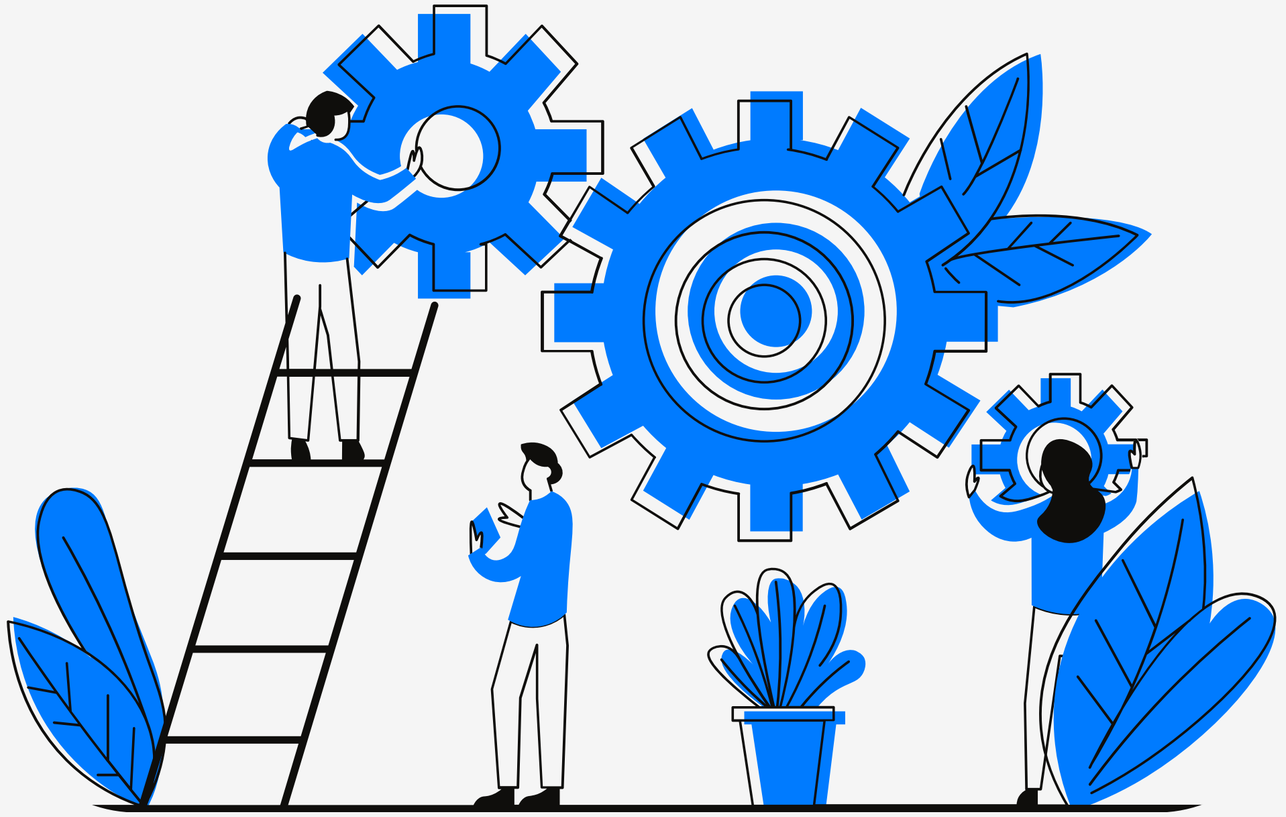

Competitive Analysis

Feature	Talkmate	Google Translate	Microsoft Translator	Timekettle (hardware)
Instant voice-to-voice (low latency)	✔️	◑ (some delay)	◑ (some delay)	✔️
Offline mode	✔️ (Premium)	✔️	✔️	✔️
Live subtitles / captions	✔️	❌	◑ (limited/enterprise)	❌
Group / meeting translation	✔️	❌	✔️	❌
Works with any headphones	✔️	✔️	✔️	❌ (proprietary)
Price (typical)	Freemium	Free	Free	expensive device
Usability	Simple, social	Simple	Simple	Moderate (device setup)
Positioning	Real-time, social, learning	Broad, everyday phrases	Enterprise/ meetings	High accuracy, hardware-bound

Challenges

- Defining the problem statement clearly
- Conducting market research & identifying target users
- Competitive analysis against big players
- Designing a UI/UX that is simple, professional, and eye-catching
